«The VX65 refraction system is adaptable, quick to learn and easy to administer. »

Luneau Technology's multi-diagnostic Visionix® series of equipment is a very robust environment to provide exceptional patient care. With the multiple testing modalities and diagnostic information, I can diagnose and treat my patients efficiently and accurately. The Visionix® VX65 refraction system is adaptable, quick to learn and easy to administer. I recommend the Visionix ® environment to anyone who is considering upgrading their practice to digital refraction.
